

Cassette type terminal
3,20-11,3 kW
**Version**

U - 2T	2 Pipes version
U- 4T	4 Pipes Version

Features

Frame in galvanised steel insulated with self-extinguishing closed-cell polyethylene blanket of suitable thickness, to limit heat loss and noise to a minimum. Airflow grille in ABS built in the cassette, supplied in 1 cartonbox
 5-speed electric motor inclusive of thermal switch. Fan
 Low-rev radial-blade fan to maximise acoustic comfort.
 Coil with corrugated aluminium fins and copper pipes, tested with dried air at 14 bar.
 Switchboard with power and control terminal block with screw terminals
 Set-up for fresh air intake.
 Set-up for duct air distribution.
 External Drain Pan

Accessory

- Main coil 2-way/3-way valve unit
- Additional coil 2-way/3-way valve unit
- Fresh Air renewal connection
- Duct Connection Flange
- Kit Bus Adapter for BMS
- Kit Gateway interface for MyHome Bticino System

New a- CHD cassette of Climaveneta, with 5 speeds AC motor, is available in two version: for two pipe installation (unit with single coil) and for four pipe installation (unit with double coil). Wide range of sizes and easy installation make them suitable for all types of installations.

Controls

MTW wall mounted

Fan speed slider, mode slider (OFF/summer/winter). Thermostat with set point regulation. ON/OFF valve unit control (summer/winter for 2 pipes installation), ON/OFF second valve unit control (winter for 4 pipes installation). Room temperature probe. Remote water temperature probe.

ATW wall mounted

Mode button (OFF/summer/winter/AUTO), fan speed button (Max/Med/Min/AUTO). Thermostat with set point regulation. ON/OFF valve unit control (summer/winter for 2 and 4 pipes installation). Control of traditional or PWM modulating valve units. Room temperature probe and water temperature probe. Digital input configurable as: window contact, economy, heating or cooling remote changeover, periodic ventilation. Configuration dip switch. TTL serial port with Modbus protocol for installation in BMS.

Remote control

In combination with (i)HB powerboard on board of the units, it's possible to have Set-point regulation, selection of functioning mode (cool, heat, dehumidify, fan), and fan speed (Max, Med, Min, AUTO). User-friendly compact remote control with fine aesthetics.

Notes:

1 Room temperature 27°C d.b./18,9°C w.b., Chilled water (in/out) 7°C/12°C.

2 Room temperature 20°C d.b., hot water (in/out) 45°C/40°C.

3 Sound pressure level in free field on a reflective surface, 1 m from fan front and 1 m from the ground. Non-binding value obtained from sound power level.

4 Sound power on the basis of measurements made in compliance with ISO 3741 and Eurovent 8/2.

5 Unit in standard configuration/execution, without optional accessories.

6 Values in compliance with EN14511-3:2013.

7 Values in compliance with [REGULATION (EU) N. 2016/2281]

Certified data in EUROVENT
